MargoShine

Neem Oil EC

NET CONTENT
1 LITRE

MargoShine is an effective biopesticide formulation containing cold pressed natural Neem oil extracted from the fruits and seeds of Neem trees. It is a broad spectrum Fungicide, Insecticide and Miticide. The active ingredient azadirachtin together with other liminoids of neem such as Salanin, Nimbodin and Nimbin present in MargoShine, acts as an Antifeedant, Anti-Ovipositor and Insect repellent.

MargoShine is more effective on the immature / young life stages of insects than eggs or adults. It is versatile, easily biodegradable, leaving no toxic residues and thereby keeping the environment clean and safe.
