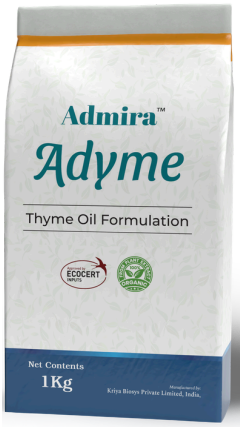
Admira™ Adyme

Kriya™

Thyme Oil Formulation



PRODUCT DESCRIPTION

Admira™ Adyme is a botanical crop protection solution formulated with thyme essential oil derived from Thymus vulgaris. The product provides natural pest management through the bioactive compounds of thyme oil including thymol and related phenolic constituents. When applied to plant folage, thyme oil acts as a natural insect repellent and disrupts the physiological functions of insect pests, supporting environmentally responsible crop protection strategies.

MECHANISM OF ACTION

APPLICATION & DOSAGE

Foliar Spray	1 - 2 mL per litre of water 250 - 500 mL per acre
First Application	At early pest appearance
Repeat Spray	Every 7-10 Days

KEY BENEFITS

TECHNICAL SPECIFICATIONS

Parameter	Specification
Active Ingredients	Thyme Oil
Concentration	2% EC
Botanical Source	*Thymus vulgaris Essential Oil*
Formulation Type	Emulsifiable Concentrate (EC)
Appearance	Light Amber liquid
Shelf Life	24 months
Solubility	Completely soluble in water

STORAGE & HANDLING

- Store in a cool, dry place
- Keep container sealed after use
- Protect from direct Sunlight and Moisture
- Avoid contact with Chemicals

SAFETY INFORMATION

- Wear gloves and mask during application
- Wash hands after use
- Avoid inhaling dust during handling
- Keep out of reach of children
