

Orgocare is an organic transpiration Inhibitor, which reduces the perspiration rate and improves plant health. It is an anti-transpirant and anti-stress product that protects the plant tissues from the thermic effect of light. It acts as a protective shield against water loss, frost protector and plant stress regulator, without interfering the plant growth or materially affecting respiration, osmosis or photosynthesis.

### Product Overview

#### Active Ingredients

Vegetable Fatty Acid Compounds

Sesame Oil

#### Formulation Type

Soluble Liquid (SL)

### Application Guidelines

Dosage (per acre)	Potency
200 - 500 ml	1.0 - 3.0 ml / litre

## Product Highlights

- Promote microbial activity
- Help to create a soil structure that facilitates water infiltration and helps water retention.
- Act as natural complexing agents contributing to nutrients' release
- Help in the breakdown of toxic substances.
- Buffer the pH values of the soil and release carbon dioxide.

## Key Benefits

- Increases the shine of the leaves, reflecting more than 70% of the sunlight
- Reduces the moisture loss when the plants are under stress
- Reduces Transplant shock
- Protects plants from Winter Kill, Windburn, Sunscold Salt Damage and Drying Out
- Protects plants when roots are Frozen in the winter.
- Protects and extends the life of Christmas trees and wreaths by reducing moisture loss.

## Use Sites

Nurseries

Gardening

Greenhouse

Turf

Agriculture

Horticulture

Forestry

Hydroponics

Chemigation

Soil Drench

## Shelf Life & Storage

24 months from manufacturing date. Store in a cool, dry, well-ventilated.

## Ideal Spray Interval

15 to 20 Days depending on the pest incidence.

## Re-Entry & Pre-Harvest Intervals

REI: 0-4 Hours | PHI: 0 days (Harvest can be carried out immediately after application).

## Safety & Handling

Safe for humans, & beneficial organisms.

Wear protective gloves & mask.

Avoid contact with eyes & skin.

Wash equipment & hands after use.
