

K-RixTM

Karanjin 5% WSP

K-Rix (WSP) is a pongamia-derived biopesticide designed for convenient application and rapid absorption. It offers a clean, residue-free solution for controlling a broad range of insect pests and fungal diseases, ensuring sustainable crop health. Its water-soluble formulation dissolves quickly for even foliar coverage and enhanced efficacy.

Application Guidelines

Dosage (per acre)	Dilution
400 - 500 g	1 - 2 g per litre

Product Overview

Active Ingredients

Karanjin 5%

Formulation Type

Water Soluble Powder (WSP)

Pests Controlled

Aphids, Whiteflies , Thrips , Leaf miners , Mites , Caterpillars , Mealybugs , Jassids and leafhoppers

Key Benefits

- Dual action against insect pests and fungal pathogens.
- Water-soluble and easy to mix for uniform spray coverage.
- Non-toxic, residue-free, and safe for beneficial organisms.
- Supports sustainable and organic crop production systems.
