

# Ecoza<sup>TM</sup> Max

## Azadirachtin 3% EC

Ecoza Max is a Botanical insecticide formulated to provide broad spectrum insect control with very low environmental impact. It contains Azadirachtin together with the other limonoids salanin, nimbidin and meliantriol extracted from the neem seed kernels. Ecoza Max is not a knock-down insecticide as insects take a few days to die. It is used in both organic and conventional crops.

### Product Overview

#### Active Ingredients

Azadirachtin 3% EC

#### Formulation Type

Emulsifiable Concentrate (EC)

### Application Guidelines

Dosage (per acre)	Dilution
250 - 350 ml	1 - 2 ml/L

## Pests Controlled
