

# Ecoza™ Ace

## Azadirachtin 1.2% EC

Ecoza Ace is a neem-based organic pest repellent and antifeedant insecticide formulated with Azadirachtin as its active ingredient. Unlike conventional knock-down insecticides, it provides broad-spectrum protection through multiple modes of action while being biodegradable and leaving no toxic residues. It is suitable for use in both organic and conventional cropping systems to effectively manage a wide range of pests and diseases.

### Product Overview

#### Active Ingredients

Azadirachtin 1.2% EC

#### Formulation Type

Emulsifiable Concentrate (EC)

### Application Guidelines

#### Dosage (per acre)

300 - 400 ml

#### Dilution

2 - 4 mL/L

## Pests Controlled
